PHOTO ONE CAMERA WARMUP EXERCISE

Use the camera in many different situations-

DO NOT DELETE BAD PHOTOS-we will try to figure out why they didn't work

SHOOT AT LEAST 200 PHOTOS-

Look them over at home on your computer. Back them up at home if you can.

We will load them into your computer in class and evaluate them.¨

	a) Outside shots in sunlight:- sun at your back, sun behind the subject
	b) Outside shots in shade
	c) Landscape distance shots
	d) Outside Closeup (as close as your camera focuses)
	e) Still Life- single object or small group of objects
